

Geminiani Guerino

With a background in Electronics Engineering from the University of Bologna, followed by a master's degree in Telecommunications Engineering, I am currently working as a Service Signaling Engineer. In this role, my responsibilities involve the management, enhancement, filtering, and centralization of signaling data.

Professional Experience

Service Signalling Engineer

Alstom | 2022 – Present

Proficient in signaling protocols such as IMP and SNMP communication protocols
Strong understanding of telecom network architecture and protocols
Experience with signaling monitoring tools (e.g., Wireshark, Nmap)
Expertise in analyzing signaling data for troubleshooting and optimization
Ability to design and implement signaling filters and rules
Knowledge of network security principles and best practices

Skills Aquired:

- ✓ MySQL
- ✓ Bash
- ✓ VMware
- ✓ Docker
- ✓ Data Analysis
- ✓ PowerBI
- ✓ Network Infrastructure Skills

Project Manager Assistant

Connecting Europe,

Luis Montot 105, 41007 Seville (Spain) | 2018 – 2020

Main Task: Organizing international student mobility within European Union countries; Facilitating work placements by coordinating relationships between companies and students.

EDUCATION

Master Degree:

2019-2022

Telecommunications engineering

Alma Mater Studiorum - Università di Bologna

Bachelor Degree:

2015-2019

Ingegneria Elettronica e Telecomunicazioni

Alma Mater Studiorum - Università di Bologna

High School:

2010-2015

Scientific High School

Polo liceale statale Saffo
